IPRO QIN-QIO Events & Updates

COVID-19 Workshop: Innovative Home Care Collaboratives *January 14, 10:30-11AM EDT*

[Discover innovative collaborations](#) between home care and hospitals to address: COVID-19, chronic care management issues during transitions of care, and other unique collaborations.

Addressing Health Disparities to Reduce Opioid Use Harm

[New monthly series: Tuesdays, 11AM-12PM EDT](#)

Opioids are currently the main driver of drug overdose deaths in the U.S. In 2018, [128 people died from an opioid-related overdose each day](#). This public health crisis has had a devastating impact on those suffering from an opioid use disorder (OUD), and increasingly for racial and ethnic minorities.

[On January 19](#), join the IPRO QIN-QIO to learn why cultural competency and health literacy are critical to achieving health equity.

[On February 23](#), join us to discover how culturally competent approaches to OUD treatment can increase uptake and retention.
